

Repeat Returns™

Increase Your Sales ... Safely, Reliably & Permanently – Starting Now.

Become A Local Hero With Community Connection Marketing

Imagine: An "army" of salespeople aggressively promoting your restaurant to family and friends. Furthermore... they aren't much concerned about coupons and discounts either. In fact, they want to spend MORE money with you. Why? Because every dollar they spend with you... helps their favorite cause and makes them feel good.

Turning Good Deeds Into Good Business

What You Do

Soccer team approaches you to help raise money for travel expenses to the finals... you say "yes" and make a few easy mouse clicks...

What We Do

We'll generate a special "Group" webpage where the soccer team can launch and monitor their program...

We'll provide downloadable instructions to help them promote the program...

We'll provide Facebook links so they can spread the word like wildfire...

As friends & family spread the word—your loyalty memberships skyrocket because they must join to participate...

Special email messages go out to group members encouraging higher participation which means *more* spending...

Customers earn points for spending, plus the group earns additional points or cash...

Full reporting tells you how much the group spent, and how much they earned...

You generate more loyalty members, higher sales and increased visibility in the community... it's a win-win...

And don't forget to notify the local media whenever you're launching a community fundraiser... we'll even provide you with a press-release template...

Support Your Community, Help Those in Need, and Build Your Business at the Same Time...

Use our automated fund-raising component to mobilize and raise money for:

1. School Groups
2. Church Groups
3. Boy/Girl Scouts
4. Charities
5. Sports Teams
6. Make a Wish Foundation
7. Homeless Shelter

There are countless fundraising opportunities that will drive "cash-in-hand" customers through your doors and make you a hero in the community such as... **helping a needy family**, raising money for a sick child in need of life-saving treatment, **helping to buy holiday gifts for needy children**, local, national or even worldwide disasters.

These are all opportunities to help the community on a moments notice and get the word out through your database... which in turn spreads the word through social media. Your restaurant becomes a focal point in the community.

Plus... there's never any need to figure out how to launch, handle or track fundraising promotions, Repeat Returns does everything for you.

Choose One Program, or All Three:

Continual: Program runs continually. Participants can help local, schools, churches, or groups with every visit to your restaurant.

Goal: Group has a specific need for say "\$500." Promotion runs until the goal is met.

Time-Frame: You set a specific date range. Say you're raising money for Muscular Dystrophy in conjunction with the yearly Labor Day Telethon. You could run your fundraiser from mid-August to the Labor day weekend.

To find out more about mobilizing your customers, friends and neighbors into a well organized promotional army... contact Repeat Returns today.

Don't forget: Repeat Returns Marketing & Community Connection Program is a fully tax—deductible business expense.
